Sir,

With reference to the last part of G.O.No.1780-7-Med. 22-10-5 of the 22nd. August 1910. desiring to know the views of the District Board in regard to the raising of local cess from one anna to two annas per rupee of Main head of revenue, I have the honor to submit herewith an extract from the proceedings of the District Board dated the 12th. November 1910, resolving that they are not in favor of the proposal. The enclosed copies of the proceedings of the Yedatore, Seringapatam and Mandya Taluk Boards also show that the proposal has not received their support. The rest of the Taluk Boards have not as yet replied.

2. When the proposal came before the District Board, I pointed out to them the several requisitions made by them and the members of the Dasara Representative Assembly for local improvements and requirements, which have all to be put off for want of funds. The non-official members said that they would do their best to meet the cost of such works from their present resources only as far as possible.

Sir

Adverting to para 2 of Government order No. 1780-7/Medl.22-10-5 dated 22nd August 1910 calling for the opinion of the District Board in the matter of -- raising the local cess from one anna to two annas per rupee of main head of revenue, I have the honor to state that long before the receipt of the above order of Government, at the instance of the President, North Mysore Planters' Association, the question of improving the finances of the District Board which had suffered -- material loss to the extent of Rs,5000/- annually by the abolition of the Halat on Supari was discussed by the District Board in its meeting held on 22nd May 1909. The Board, after considering all possible ways of increasing its revenue arrived at the opinion that the only way in which its finances could be improved was by the imposition of an additional cess not exceeding 3 pies in the rupee on the assessment of land. Before submitting this re- -- solution of the Board for the sanction of Government, some information regarding the receipts and expenditure under each item of District Board revenue in the other Districts had to be collected and hence the reference to Government was delayed. Meanwhile, the Government order under ad-n vertance was received and the subject was again placed

before

before the Board at the meeting held on 26th November 1910 with the result that the Board confirmed the resolution arrived at at its meeting of 22nd May 1909 and was of opinion that any higher addition than 3 pies in the rupee to the present rate of local cess on land revenue would be attended with considerable hardship to the ryots and was not therefore advisable.

2. Reference is invited to the enclosed comparative statement of the receipts and expenditure of the several District Boards in the state for the year 1907-08. It will be seen therefrom that though the District Board of Kadur is the poorest in the state, it has to spend a greater percentage of its receipts on the maintenance of roads and Dispensary charges than any other District Board in the State. Whereas in the Chitaldrug District (which is just above Kadur in point of total receipts) only Rs.22000/- or 33 per cent is spent on road repairs and Dispensary charges out of a total District Fund revenue of Rs.65000/- leaving Rs.43000/- available for important original works and for works of sanitation, conservancy, water supply, ete, in Kadur Rs.32000/- or 57 per cent is taken away for road repairs and dispensaries and only Rs.24000/- is made available for all other works Nevertheless, owing to the nature of the country and of its climate, applications for more roads and dispensaries, enhancement of road mileage allotments etc, are increasing in this District and it is ~~found~~ impossible to meet all these demands -which are many of them recognized to be pressing and necessary- with the present resources of the Board. It has therefore become necessary for the Board to look to some substantial means of increasing its receipts. While

some of the other District Boards have been able to secure a considerable amount of income by the levy of tolls on a few of their important roads, the Kadur - District Board could not advantageously adopt this - course as most of the District Fund roads in this District have very little of traffic on them for many - months in the year and any toll levied thereon would not even pay the cost of collection. This has been - demonstrated by the experience of the Shimoga Yedahalli road on which the District Board resolved to levy toll on this road over a year ago. Though this is the most frequented one among the District Fund roads of the - District, the annual collection from tolls on this road has not amounted to more than about Rs.400/-. Tolls being thus out of question and there being no other means by which the Board could secure a substantial increase in its receipts, it had to fall on the increase of local cess as the only means by which it could improve its finances and meet its pressing wants.

3. The estimated demand under local cess in the District at the present rate of one anna in the rupee on the land revenue assessment being about Rs.6000/-, an additional levy of three pies in the rupee of assessment as proposed by the District Board will bring in an ~~additional~~ increased income of Rs.15000/- to the Board and will be quite ample for the present to meet all requirements.

In the above circumstances, I beg to recommend the resolution of the Board for the sanction og Government.

Copies of the Board's resolutions are herein enclosed for reference.

I have the honor to be,
Sir,
Your Most obedient Servant,

J. Channaveeraiah

President of the District Board,
Kadur District.

7. Read:- Letter dated 5th May 1909 from the President to the North Mysore Planters' Association in the matter of improving the finances of the District Board.

Resolution.- The board having considered all possible means of improving its financial ~~position~~ is of opinion that the only way in which its finances can be improved will be by the levy ~~o~~ of an increased rate of local cess, and it therefore resolves to request the Government to sanction the levy of an additional -- cess not exceeding three pies in the rupee on the assesment of land, such additional cess being credited to the District Funds.

Proposed by Mr. Santappasetti, seconded by Mr. Srinivasa Rao and resolved unanimously that in consequence of the present unsatisfactory financial condition of the Board, the Government be requested to make over to the District Board the receipts from carttax in the District; as the District Fund roads are used by the carts, the Board considers that it has a reasonable claim for the carttax or for at least a moiety of the tax.
